### Car Paint Care Guide

When washed on a weekly basis, your car's paint should remain relatively free of even the worst dirt caused by regular driving. Tip: If you are getting your car hand washed at a carwash, consider applying a prewash solution to help loosen any dirt or debris before applying the regular soap. Step 1: Wash your car. Start washing your car from the roof of the vehicle and work your way down to the bottom of the vehicle.

### How to Care for the Paint on Your Car | YourMechanic Advice

When it comes to caring for your car's paint, the first step is to wash the exterior surfaces to remove any loose contaminants that may be on the paint surface. Start by parking your car in the shade and waiting for the paint surface to be cool to the touch, this will help to reduce water spots.
